

ABOUT US

A Successful small business is like a family. Everyone involved plays a part in the personal and professional relationships that drive us forward, especially the regular customers we've come to appreciate.

T-Bird Machining is your one stop source for turned or milled metal components in your assembly. Whether it be intricate port blocks, end caps, clevis assemblies, pistons, or any other metal needs. T-bird Machining is now the new home for all Unified Piston and Gland requirements!

Power Seal was in Michigan until 2020. In 2020 the business was moved to 710 Willow Springs Lane, York, PA. Power Seal manufactures and stocks a wide range of Vee Packings, Rod Bearings, and Wear Bands. Vee Packings are available in multiple configurations and compounds. Power Seal also is your home for PTFE needs.

Thank you for your continued patronage! We are truly grateful for your trust and confidence in our products and services.

"Productivity is being able to do things that you were never able to do before." Help us, help you!

"Simplicity boils down to two steps: Identify the essential. Eliminate the rest." Let our product allow you to boost your productivity!
